Introduction

This booklet is to help you calculate your price.

A quick reminder of our Lifeline product

When it comes to medical cover, everybody's needs are different, which is why we offer three levels of cover. We will pay all eligible qualifying hospital treatment and accommodation bills, up to the yearly maximum per person:

Essential: In-patient treatment up to US\$1,000,000.

Classic: In-patient, out-patient treatment and routine maternity cover up to US\$1,500,000.

Gold: In-patient, out-patient treatment and routine maternity cover and emergency dental cover up to US\$2,000,000).

So there is a level of cover to suit all of our members' needs. In addition to the level of cover you choose the following are included as standard:

- emergency road ambulance
- treatment for sports injury
- home nursing cover and cash benefit
- healthline (24-hour medical advice and hospital referral telephone service)

For full details please see your membership guide.

A quick reminder of our product options:

Adding an Annual Deductible

We want to be able to offer you a range of price options for the benefit package you require. Therefore you can reduce your premium by paying an annual deductible (excess). There are five levels of annual deductible payments offered at:

- US\$160
- US\$400
- US\$800
- US\$1,600
- US\$3,200

This annual deductible will apply to all benefits. If you decide to take the deductible option, you will need to pay by credit card.

Adding Worldwide Medical Assistance cover

We have a range of options to give you access to the services and treatments that best suit you, wherever you are in the world. Please see opposite page for full details.

Worldwide Medical Assistance cover for extra reassurance

Evacuation - straight to the nearest location where you can be treated

An option for anyone concerned about the quality of local healthcare, if for medical reasons the treatment is not available locally. We provide emergency evacuation to the nearest medical facility where treatment is available, wherever you are in the world.

Repatriation - opt to be treated in your home country

Our highest level of Worldwide Medical Assistance cover gives you the choice of returning to your home country for treatment, if for medical reasons the treatment is not available locally, to be in familiar surroundings, near your friends and relatives. Evacuation cover is included when you choose Repatriation cover.

Credit card

You can pay your subscriptions using a Mastercard, Visa or American Express card. Payment can be made in the currency you have chosen to pay your subscriptions in. You can choose to pay annually, quarterly or monthly. To pay by credit card, simply complete the Card Payment Authority on the application form on the reverse side.

Easy steps

To calculate your price we take into consideration four things. These are:

- the number of people you wish to cover
- their individual ages
- your country of residence (ie where you will be living for the majority of the year)
- the level of cover you choose (eg Lifeline Essential, Classic or Gold) and the options within that level of cover

Finding your subscription is easy

There are seven quick steps:

Step one

Find your country of residence to establish your zone (eg France is Zone 6). This can be found on the page opposite.

Step two

Go to the tables which are marked with your zone in the top corner. In your zone you will find three tables. One for Essential cover, one for Classic and one for Gold.

Step three

Select the level of cover you want for your zone.

Step four

Locate the age you will be at the start of your membership and that of any others you wish to include on your policy.

Step five

Decide on your product option (eg whether you want a standard policy or whether you want to include an annual deductible).

Step six

Decide on you method of payment, eg monthly, quarterly or annually.

Step seven

Look across the page for your age line and find your product option and payment choice which will give you your price.
